No advertising cuts, one inch square or smaller, will be accepted unless made of metal. No wood base cuts of this size will be used. Wood cuts are dangerous to forms and press.

A nice, large, juicy mud puddle has long adorned the intersection of Brougner avenue and Central street, at the Bonanza corner, and indications point to it being in evidence throughout the coming winter. After every rain and snowfall the mudhole makes its debut and people crossing the street at that point suffer no little inconvenience. The board of county commissioners should take some action in the matter and order a load of gravel hauled and the hole filled in. An hour's work would be sufficient. The property owners on Brougner avenue should be entitled to a little consideration and no better move could be made by the board.

RICH WOMAN GIVEN

COAT OF WHITEWASH

NEW YORK, Dec. 14.—Collector of Customs Loeb disposed of the case of Mrs. Theodore P. Shonts, wife of the head of the Interborough Transit company, yesterday afternoon by assessing \$10,260, the usual 60 per cent duty, on jewelry appraised at \$18,000 which was taken from Mrs. Shonts when she arrived from Europe. Investigation showed there was no concealment of the jewels and the failure of Mrs. Shonts to declare it was not willful.

"Reno Reveries," by Leslie Curtis, 50 cents at Tonopah News and Stationary company. All about the divorce colony.

CARD OF THANKS

I desire to thank my friends and acquaintances for the kind acts done during my hour of sorrow caused by the death of my beloved wife. I also desire to thank especially the members of the Knights of Pythias, Odd Fellows, Pythian Sisters and Rebekahs, whose every act was such that my sorrow was made easier to bear and whose efforts on my behalf were greatly appreciated.

RAILROAD TELEGRAPHERS

NOT TO STRIKE

PHILADELPHIA, Dec. 14.—Members of the Order of Railroad Telegraphers, announced last night that the threatened strike on the Philadelphia and Reading railroad has been declared off.

WELLS FARGO WILL TEST TAX LAW

According to the Elko Free Press, the Wells Fargo Express company is to test the legality of the state board of assessors, as the company has refused to pay its taxes and allowed the taxes for this year to go delinquent in Elko county. The paper says:

The action of the Wells-Fargo Express company in letting its taxes go delinquent can only be inferred as a test on the legality of the tax rate, raised at the last meeting of the state board of assessors. The express company claims that it is being discriminated against, that it is paying more taxes in proportion to the property owned than other property owners. If the express company does contest the taxes of Elko county it means a long, expensive legal battle.

A MISSOURI WARNING

A ruralist in Missouri posted his lands, the notices reading as follows:

"Notis—Trespassers will be persecuted to the full extent of 2 mean mungrel dogs wich ain't never ben overly soshibil with strangers an l dubbel barl shot gun which ain't loaded with no sofy pillers. dam if I ain't tire of this hel-raisin' on my property."

WELL FINANCED
LEASING COMPANY
TO WORK ALAMO

The Gotham Mining and Leasing company has begun active work upon the property belonging to the Alamo and Silver Moon Mining companies at Lucky Boy. The negotiations which were finally concluded last week have placed the new company in full control of the two properties by virtue of a favorable lease. The ground was turned over to the company Dec. 1. Active work in a mining way, however, did not commence until last Friday, when the first round was fired which promises to attract a great deal of attention to Lucky Boy and the vicinity.

The mine operations will be in charge of J. J. McCarthy, who successfully opened up the Engineers' lease on the Florence estate in Goldfield. Mr. McCarthy, together with J. R. Woodbridge, will have entire charge of the company's affairs in Nevada. The Gotham Mining and Leasing company is fully financed and no stock in the corporation will be offered to the public. The money was raised in the east, and the company is able to carry out to a successful conclusion any operations which may be begun.

Until the completion of the installation of electric power at the mine, the new company will use the Alamo machinery for its work. A transformer will be built at the mine and the electrical equipment has been ordered. The company will order a 100-horsepower compressor and a 75-horsepower hoist. A 50-horsepower motor will furnish power for the operation of the pumps and the other machinery. As soon as the machinery is in place the work of unwatering the Alamo shaft will be begun. It is the intention of the new company not only to mine the ore above the 750 level in the Alamo, but to sink a shaft to a depth of 1500 feet. Systematic mining, under the direction of Superintendent McCarthy will be carried out in every detail, and the new work on the property will be watched with interest.

WILL SERVE TEA

The ladies of St. Mark's Guild will serve tea at the rectory Friday, Dec. 16.
